## Chartered Accountants

Our firm is seeking to recruit university graduates to train as Chartered Accountants.  
There are two vacancies for positions starting by the end of this summer.

### **TRAINEE CHARTERED ACCOUNTANTS** **for our office in Nicosia**

#### **The practice**

---

Our firm offers business assurance, financial consultancy and taxation services to both local and international clients.

#### **Responsibilities**

---

Trainees shall work initially as part of our accountancy services department before moving to our audit department after gaining relevant accountancy experience. The firm shall arrange for, and bear the cost of academic and on-the-job training necessary for the trainees to become ACA qualified.

#### **Qualifications**

---

The successful candidates should have, or have the prospect of obtaining, a good university degree in the area of Accounting, Finance or any other similar field. Applicants should have a demonstrable ability to work as a part of a team, be self-motivated, proactive and be able to assume responsibility early on.

#### **Remuneration**

---

An attractive remuneration package will be offered to the successful candidates depending on qualifications and experience, including membership of the firm's provident fund.
